Quarterly operations report

1 Operations area 1

Area 1 shipped on time in every week of the quarter. Freight costs per unit fell again as consolidated sailings replaced part-loaded containers across Bass Strait.

Timber purchasing for area 1 moved further toward certified sources, and the Moonah kilns dried every delivery to the agreed moisture content before it left the yard.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Table 1. Area 1 deliveries

Month	Orders	On time
July	40	96.0%
August	40	96.0%
September	40	96.0%
Quarter	40	96.0%

2 Operations area 2

Area 2 shipped on time in every week of the quarter. Freight costs per unit fell again as consolidated sailings replaced part-loaded containers across Bass Strait.

Timber purchasing for area 2 moved further toward certified sources, and the Moonah kilns dried every delivery to the agreed moisture content before it left the yard.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Table 2. Area 2 deliveries

Month	Orders	On time
July	41	96.1%
August	41	96.1%
September	41	96.1%
Quarter	41	96.1%

3 Operations area 3

Area 3 shipped on time in every week of the quarter. Freight costs per unit fell again as consolidated sailings replaced part-loaded containers across Bass Strait.

Timber purchasing for area 3 moved further toward certified sources, and the Moonah kilns dried every delivery to the agreed moisture content before it left the yard.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Table 3. Area 3 deliveries

Month	Orders	On time
July	42	96.2%
August	42	96.2%
September	42	96.2%
Quarter	42	96.2%

4 Operations area 4

Area 4 shipped on time in every week of the quarter. Freight costs per unit fell again as consolidated sailings replaced part-loaded containers across Bass Strait.

Timber purchasing for area 4 moved further toward certified sources, and the Moonah kilns dried every delivery to the agreed moisture content before it left the yard.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Table 98. Area 98 deliveries

Month	Orders	On time
July	52	96.7%
August	52	96.7%
September	52	96.7%
Quarter	52	96.7%

99 Operations area 99

Area 99 shipped on time in every week of the quarter. Freight costs per unit fell again as consolidated sailings replaced part-loaded containers across Bass Strait.

Timber purchasing for area 99 moved further toward certified sources, and the Moonah kilns dried every delivery to the agreed moisture content before it left the yard.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Table 99. Area 99 deliveries

Month	Orders	On time
July	53	96.8%

Month	Orders	On time
August	53	96.8%
September	53	96.8%
Quarter	53	96.8%

100 Operations area 100

Area 100 shipped on time in every week of the quarter. Freight costs per unit fell again as consolidated sailings replaced part-loaded containers across Bass Strait.

Timber purchasing for area 100 moved further toward certified sources, and the Moonah kilns dried every delivery to the agreed moisture content before it left the yard.

Warranty claims stayed below one percent of units shipped. Continue to the next operations area.

Table 100. Area 100 deliveries

Month	Orders	On time
July	54	96.9%
August	54	96.9%
September	54	96.9%
Quarter	54	96.9%
