Inner tasks

Task	Detail
Task 1.0	This cell remains inside both panels and its numbered instruction.
Task 2.0	This cell remains inside both panels and its numbered instruction.
Task 3.0	This cell remains inside both panels and its numbered instruction.
Task 4.0	This cell remains inside both panels and its numbered instruction.
Task 5.0	This cell remains inside both panels and its numbered instruction.
Task 6.0	This cell remains inside both panels and its numbered instruction.
Task 7.0	This cell remains inside both panels and its numbered instruction.
Task 8.0	This cell remains inside both panels and its numbered instruction.
Task 9.0	This cell remains inside both panels and its numbered instruction.
Task 10.0	This cell remains inside both panels and its numbered instruction.
Task 11.0	This cell remains inside both panels and its numbered instruction.
Task 12.0	This cell remains inside both panels and its numbered instruction.
Task 13.0	This cell remains inside both panels and its numbered instruction.
Task 14.0	This cell remains inside both panels and its numbered instruction.
Task 15.0	This cell remains inside both panels and its numbered instruction.

Task	Detail
Task 16.0	This cell remains inside both panels and its numbered instruction.
Task 17.0	This cell remains inside both panels and its numbered instruction.
Task 18.0	This cell remains inside both panels and its numbered instruction.
Task 19.0	This cell remains inside both panels and its numbered instruction.
Task 20.0	This cell remains inside both panels and its numbered instruction.
Task 21.0	This cell remains inside both panels and its numbered instruction.
Task 22.0	This cell remains inside both panels and its numbered instruction.
Task 23.0	This cell remains inside both panels and its numbered instruction.
Task 24.0	This cell remains inside both panels and its numbered instruction.
Task 25.0	This cell remains inside both panels and its numbered instruction.

Inner paragraph after the continued table.

Finish the instruction without generating another label.

101. The next generated label is 101.

Outer paragraph after the complete numbered procedure.

Warning. Preserve the complete procedure and its examples.Reference

100. The inner callout belongs to instruction 100.

Inner paragraph before the exact source.
