Task 1	This cell remains inside both panels and its numbered instruction.
Task 2	This cell remains inside both panels and its numbered instruction.
Task 3	This cell remains inside both panels and its numbered instruction.
Task 4	This cell remains inside both panels and its numbered instruction.
Task 5	This cell remains inside both panels and its numbered instruction.
Task 6	This cell remains inside both panels and its numbered instruction.
Task 7	This cell remains inside both panels and its numbered instruction.
Task 8	This cell remains inside both panels and its numbered instruction.
Task 9	This cell remains inside both panels and its numbered instruction.
Task 10	This cell remains inside both panels and its numbered instruction.
Task 11	This cell remains inside both panels and its numbered instruction.
Task 12	This cell remains inside both panels and its numbered instruction.
Task 13	This cell remains inside both panels and its numbered instruction.
Task 14	This cell remains inside both panels and its numbered instruction.
Task 15	This cell remains inside both panels and its numbered instruction.
Task 16	This cell remains inside both panels and its numbered instruction.

Task	Detail
Task 17	This cell remains inside both panels and its numbered instruction.
Task 18	This cell remains inside both panels and its numbered instruction.
Task 19	This cell remains inside both panels and its numbered instruction.
Task 20	This cell remains inside both panels and its numbered instruction.
Task 21	This cell remains inside both panels and its numbered instruction.
Task 22	This cell remains inside both panels and its numbered instruction.
Task 23	This cell remains inside both panels and its numbered instruction.
Task 24	This cell remains inside both panels and its numbered instruction.
Task 25	This cell remains inside both panels and its numbered instruction.

Inner paragraph after the continued table.

Finish the instruction without generating another label.

101. The next generated label is 101.

Outer paragraph after the complete numbered procedure.

Warning. Preserve the complete procedure and its examples.Reference

100. The inner callout belongs to instruction 100.

Inner paragraph before the exact source.
